TO: Parents of elementary school bus students
FROM: Kanoe Cockett, Director of Transportation
DATE: May 22, 2009
SUBJECT: School year 2009 – 2010 bus service

As we bring this school year to a close we'd like to take this opportunity to thank you for your support and give you a heads up regarding next year's school bus transportation service.

We are completing a revamp of all routes district wide and there are some changes that will impact a few routes. These changes are to bus stop locations, stop times, and route/bus numbers. At the beginning of August 2009, school bus transportation information will be available through the district website at www.littletonpublicschools.net click on "Bus Transportation" in the "for Parents" tab. The Littleton Public Schools Back to School Guide will be mailed to all residents. This guide will list, by schools, all the routes with bus stop location and times. Please take the time to review this information and assist your child with any change they may encounter.

Until then have a safe fun filled summer.
